# Unifirm Defence Industry Company

Our Company has been in Defence Industry since 1997. Within the scope of modernization Unifirm Defence Company has made effort to produce spare parts, to make original design in line with the requirements, to improve productions based upon Projects and to increase qualification ratio in productions.

Our Company has established good commercial relationship with Russia and Ukraina as well as NATO Countries.

Our Company has exported and imported with USA, Germany, Netherlands, Italy, Russia, Ukraina extending to years. It has been proceeding to export to Bangladesh Armed Forces.

## FIELD OF ACTIVITY

- To produce spare parts of US origin military vehicles (M-48,M-52,M-60,M113),
- To produce spare parts of Russian origin military vehicles
- Spare parts of Trolley Field Units in inventory of Logistic Command of Turkish Armed Forces,
- Spare parts for Kamaz truck,
- Spare Parts for Land rover jeep, Mercedes and MAN Truck,
- CBRN Hose,

We have improved a catalog of our existing productions with our years of experience. For this reason institutional structure of our company has been improved and living memory has been formed about our experience and production knowledge.

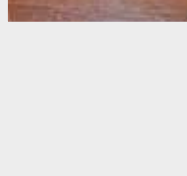

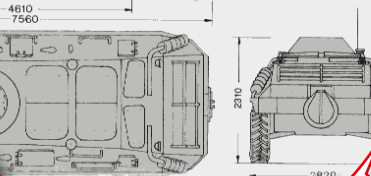

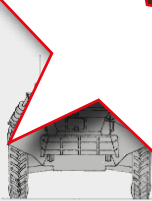

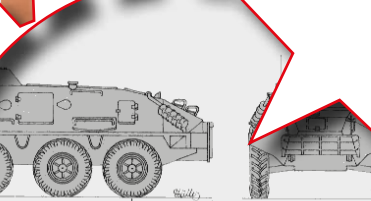

## BTR-60 / 80

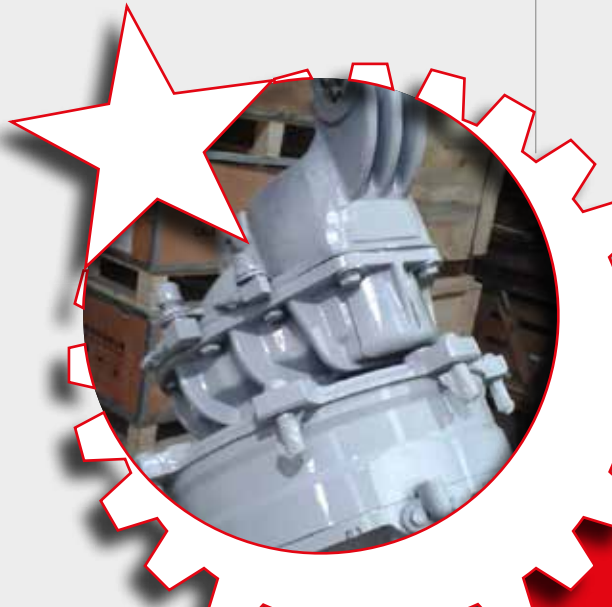

Our Company started to produce spare parts for BTR 60-80 as a family company and it has worked as a spare parts supplier for Turkish Armed Forces for more than 25 years. It has produced a wide range of spare parts from the smallest nut to differential gear almost twenty thousand different spare parts.

## COBRA ARMoured VEHICLE

We can produce a wide range of spare parts for all types of Cobra Armoured Vehicles produced by OTOKAR Defence Company.

## MILITARY VEHICLES OF US ORIGIN

As a spare parts supplier of Turkish Armed Forces, Unifirm Defence has a capability to produce spare parts for US origin main tank series; M48, M52, M60, M113 Armoured Personnel Carrier and Firtina howitzer according to NATO Stanag. According to our existing samples of spare parts approved by Turkish Armed Forces, we can produce whatever you need in a short time.
